HARDING PLANS NEW LEAGUE OF NATIONS

Sinn Fein Refuses To Swear Allegiance To King

IRISH PARLEYS THREATENED BY LATEST ACTION

Only Condition Under Which
Ulster Will Accept Offer
Is Rejected by Dublin

CRAIG LEAVES LONDON

Will Report Details of Break
In Negotiations to North
Island Cabinet Tuesday

LONDON, Nov. 25.—(By the Associated Press.)—What is feared to be the last scene in the effort to bring peace to Ireland was enacted today when Prime Minister Lloyd George and Sir James Craig met in the former's official residence in Downing street, where the imperial premier told the head of the northern government that Sinn Fein Ireland had not consented to own allegiance to the king, a requisite to Ulster's agreement to enter an all-Ireland parliament.

The Sinn Fein delegates are consulting with members of the cabinet in Dublin on the crisis thus brought about, while Sir James packed his bag and returned to Belfast, where he will report to his parliament next Tuesday and possibly disclose the cause of virtual breakdown of the Irish negotiations. The official correspondence that has passed between the various delegations also may be published at the same time in London.

Will Continue Efforts
Week-end efforts, meanwhile, will be made by peace makers in an attempt to persuade the Sinn Fein to modify its attitude on the question of allegiance to the king. The Daily Express members have taken the oath of allegiance to the Irish republic, and thus far they have refused to substitute for it recognition, within Ireland, of King George. The furthest concessions from the Sinn Fein has been their willingness to recognize the king as the formal president of the community of free nations which Ireland might choose voluntarily to join, but even this was not definitely promised.

Lord Chancellor Birkenhead and Attorney General Hewart, law officers of the crown, have ransacked the constitutions of all the British dominions to find any precedent for the only kind of relationship with the British crown that Sinn Fein will consider, but nothing can be found and the Evening News, the first London news paper to indicate the real cause of the crisis, suggests that relations of Bavaria with Prussia in the German Empire might furnish such a precedent.

But Lloyd George, it is understood, would not admit of any arrangement which would leave Ireland's allegiance to the crown in any doubt, and the government would support Ulster in refusing any association which would weaken its British citizenship.

Issue Up to Sinn Fein
The only prospect for peace now is said to rest on Sinn Fein's conceding allegiance to the crown, and the influence of the advocates of moderation has been invoked in a final effort to change its position. The question is being put as to whether the point involved is worth renewed warfare, for a breakdown of the negotiations on that issue, it is believed, would be followed either before or after the general election by the handing over of Ireland to military rule and the displacement of the civilian officials in Dublin Castle to whose influence is attributed the previous failure of military measures.

All along the Sinn Fein delegates have held the belief that no matter what the result of the negotiations might be, the British public would oppose any such arrangement.

**Mrs. Peete Is Denied New Trial
By California Supreme Court**
SAN FRANCISCO, Nov. 25.—A petition for re-hearing of the case of Mrs. Louise L. Peete, convicted in Los Angeles of the murder of Charles Jacob Denton, was denied today by the supreme court.

Threat Is Mailed By Mexican Reds To U. S. Consul

EL PASO, Tex., Nov. 25.—American Consul John W. Dye in Juarez, received yesterday from syndicalistas in Vera Cruz, Mexico, a letter warning him that American officials in Mexico will be killed if the United States government allows the execution of the death sentence imposed at South Braintree, Mass., upon Nicola Sacco and Bartolomeo Vanzetti for murder in connection with a payroll robbery.

Consul Dye tonight advised the state department at Washington of his receipt of the notice.

DELEGATES MAY YET TALK OVER SIZE OF ARMIES

Question of Limiting Forces
On Land Expected to Fol-
low Present Subjects

WASHINGTON, Nov. 25.—(By the Associated Press.)—Although the arms conference is taking no steps toward limitation of armies, it was said authoritatively tonight that the question of land armament was "in reserve" and might come up for a general expression of policy when the naval and far Eastern problems are out of the way.

Any attempt to secure a hard and fast agreement on land estimates, it was pointed out, would involve many handicaps which do not apply to the limitation of naval power. France, with the largest army in the world, already has declared her unwillingness to weaken materially her position under present circumstances. Poland, which has nearly as many men under arms as has France, is not represented in the conference, and neither is Russia with her vast possibilities of man power, nor the smaller states of central and southern Europe, whose national policies are linked up with the maintenance of large armies.

To open up the question to detailed discussion, it would, therefore, be considered necessary by the American delegates, at least, to enlarge greatly the scope of the conference. It is realized too, that the discussions might lead the conference far afield into the realm of intricate international relationships now agitating Europe in the aftermath of the world war.

In that connection, Lord Curzon's warning to France, pronounced in a public address yesterday, was read eagerly but without comment by the arms delegates.

France Denies "Stealing March" On Allies By Making Treaty With Turks

NEW YORK, Nov. 25.—(By The Associated Press.)—Premier Briand, of France, took sharp issue with Lord Curzon, the British foreign minister today, on that part of the latter's speech in London yesterday in which he intimated France had "stolen a march" on her allies by entering into a separate agreement with the Turkish Nationalists' government.

The agreement was drafted and signed in London, after France had given notice to her allies that she intended to effect "a special agreement for the settlement of our private affairs," M. Briand asserted in a state-

ment issued just before he sailed for France on the steamship Paris. The statement, in part, follows: "First, it is not a treaty, it is an agreement between the Ankara government and us for the settlement of special questions concerning the frontier of Syria and Cilicia, the exchange of prisoners and the cessation of hostilities which since the war has cost France several thousand killed, and which compelled us to keep in these distant regions an army of 70,000 men. It was an intolerable burden for the parliament would no longer assume responsibility and I am surprised that we should be reproached—in the very moment that we are asked to reduce our standing army—for an agreement which has as a result the prevention of new bloodshed and which allows us to reduce by half our army in the Orient."

EMPEROR QUILTS AS JAP RULER; REGENT NAMED

Protracted Illness of Yoshi-
hito Causes Him to Give
Up Nipponese Throne

POLICIES NOT CHANGED

Jap Delegation at Armament
Conference Says Action
Will Not Alter Plans

TOKIO, Nov. 25.—(By the Associated Press.)—Crown Prince Hirohito has been designated regent of Japan. An imperial rescript making the announcement was issued by Emperor Yoshihito yesterday afternoon.

"We are unable to attend in person to the affairs of state, on account of protracted illness, and accordingly appoint Crown Prince Hirohito regent with the approval of the council of princes, the imperial family and the privy councillors." It bears the imperial signature and that of the Crown Prince and is signed, also, by Baron Makino, minister of the imperial household. Premier Takahashi and the cabinet members.

Simultaneously, a bulletin was issued stating that the emperor's mental condition was such as to preclude his further attention to state duties, traceable to an affliction of his infancy. It added that there was no serious development in his physical condition.

According to Dr. Ikebe, chief physician to Emperor Yoshihito, his condition has changed little since last October. Restraint of speech and nervous debility are declared by the physicians to be his chief ailments. The emperor continues the eccentricities which have marked his condition but Dr. Ikebe reports they are not so frequently as formerly. He requires assistance only in mounting stairs. His appetite does not show signs of serious decline. While there is no prospect of prompt recovery, there is no reason to look for an aggravation of his condition in the near future.

The emperor and empress, it is stated, will pass the winter at Hayama, removing to the Aoyama palace in Tokio, in the spring.

Changes in the makeup of the imperial household, including the retirement of Prince Yamagata from his position as chief of the privy coun-

cil, were announced yesterday.

ALLEGED DYNAMITE SMUGGLER CAPTURED

NOGALES, ARIZ., Nov. 25.—Pedro Garcia was arrested by United States customs officers here today, charged with attempting to smuggle dynamite across the border into Mexico, and Alfredo Vinno and Jose Salcido were arrested, charged with attempting to smuggle more than 20,000 rounds of ammunition into Mexico.

Customs officials here said that the high prices obtained for ammunition in Mexico, due to the scarcity of that article there, had led many to attempt to smuggle it across the border. They said they were making every effort to catch the smugglers.

WILL TRY ALLEGED BANDIT DECEMBER 1

NOGALES, ARIZ., Nov. 25.—Judge W. A. O'Connor, in the superior court here today, set December 1 as the date for the trial of Placido Silvas, alleged to have been one of the seven bandits who killed Postmaster and Mrs. Frank Pearson at Ruby, Ariz., several weeks ago.

Silvas was arraigned here today following his preliminary hearing before a justice of the peace at Ruby Wednesday. He is being held on two charges of murder, one for the death of Pearson and one for the death of Mrs. Pearson.

CHINESE ISSUE THRESHED OUT BY DELEGATES

Gradual Abolition of Extra
Territorial Rights Is
Finally Agreed To

PROBE IS DECIDED ON

International Commission To
Visit China Next Year in
Quest of Information

WASHINGTON, Nov. 25.—(By the Associated Press.)—Gradual abolition of extra territorial rights in China was agreed to "in principle" today by the arms conference and an exhaustive examination of the Chinese judicial system was decided on to determine how rapidly the change can be accomplished.

Sitting as a committee of the whole the delegates virtually decided in executive session to put the investigation into the hands of an international commission of jurists, who would visit China next year and report direct to the governments concerned as to the ability of the Chinese authorities to take over the full administration of justice now exercised in large part by foreign tribunals under the extra territorial privileges.

Virtually Completes Work
The step to be consummated tomorrow by adoption of a formal declaration of policy and authorization of the investigating committee was regarded as virtually completing the work of the conference relating to extra territoriality. The framing of the resolution was left to a subcommittee headed by Senator Lodge of the American delegation, with instructions to report at tomorrow's meeting.

During today's session, the committee also gave some consideration to the question of postal autonomy for China, but no decision had been reached at adjournment. The argument of China on the subject was presented by Dr. Sze, the Chinese minister here, who declared the existence of foreign postal systems in China was wholly without sanction in international law, and whose address

ANOTHER DAY PASSES WITHOUT JURY BEING PICKED TO TRY BURCH

LOS ANGELES, Nov. 25.—Another day without a jury was the record tonight of the trial of Arthur C. Burch, accused of murdering J. Beiton Kennedy. Adjournment until Monday found the court with eleven women and one man in the jury box and both sides well supplied with peremptory challenges whereby some of these may be supplanted. All had passed temporarily, however.

ALLEGED DYNAMITE SMUGGLER CAPTURED

NOGALES, ARIZ., Nov. 25.—Pedro Garcia was arrested by United States customs officers here today, charged with attempting to smuggle dynamite across the border into Mexico, and Alfredo Vinno and Jose Salcido were arrested, charged with attempting to smuggle more than 20,000 rounds of ammunition into Mexico.

Customs officials here said that the high prices obtained for ammunition in Mexico, due to the scarcity of that article there, had led many to attempt to smuggle it across the border. They said they were making every effort to catch the smugglers.

WILL TRY ALLEGED BANDIT DECEMBER 1

NOGALES, ARIZ., Nov. 25.—Judge W. A. O'Connor, in the superior court here today, set December 1 as the date for the trial of Placido Silvas, alleged to have been one of the seven bandits who killed Postmaster and Mrs. Frank Pearson at Ruby, Ariz., several weeks ago.

Silvas was arraigned here today following his preliminary hearing before a justice of the peace at Ruby Wednesday. He is being held on two charges of murder, one for the death of Pearson and one for the death of Mrs. Pearson.

Arbuckle's Defense Strengthened Yesterday By Important Testimony Of Several Physicians And Nurse

Doctor Who First Attended Miss Rappe Testifies She Said
She Was Intoxicated and Did Not Remember Incidents
Of Party; Other Experts Testify For Comedian

SAN FRANCISCO, Nov. 25.—Testimony that Virginia Rappe, whose death is the basis of a manslaughter charge against Roscoe C. (Fatty) Arbuckle, "was intoxicated and did not remember what happened to her," according to her own statement, was given in Arbuckle's trial today. The witness who gave this evidence was Dr. M. E. Rumwell, who first treated Miss Rappe after the party in Arbuckle's room at the Hotel St. Francis at which the prosecution charges Arbuckle injured her.

Over the protest of the prosecution, Dr. Rumwell was permitted to read a history of the bladder injury which resulted in Miss Rappe's death, as obtained from her and from his own observation, but a second statement going more exhaustively into the cause

of the injury was ruled out. He was not cross-examined.

The defense announced that it placed great emphasis on Dr. Rumwell's statement. The doctor is awaiting trial on a charge of performing an unofficial autopsy on Miss Rappe. Miss Irene Morgan, a Pasadena trained nurse, testified that on at least five occasions she treated Miss Rappe for bladder trouble and that on each of these, Miss Rappe tore a her clothing and cried out as she said to have done after the Arbuckle party.

The defense finished putting in expert medical testimony today. Dr. George Franklin Shields, who testified as an alienist in the first trial of Harry K. Thaw, illustrated on a black board how bladder injuries might be

611 AMERICANS ORDERED HOME FROM GERMANY

Wives and Children of Boys
Married Overseas Accom-
pany Rhine Forces

COBLENZ, Nov. 25.—(By the Associated Press.)—Reduction in the American expeditionary force along the Rhine began today when 11 officers and 600 enlisted men left here on a special train for Antwerp to sail tomorrow for home on the transport Cantigny. They are due to reach Hoboken about December 7.

In addition to the soldiers there were three nurses, 15 former service men and 82 wives of soldiers who were married here in Germany. The wives of 40 of the men, eight of whom carried babies, traveled in two army hospital cars which saw service in France.

A great crowd witnessed the departure of the soldiers, who are traveling as overseas casual detachments No. 26. Most of the men came from the 5th and 59th infantry regiments. Their enlistments expire within a few months.

In addition to the thousands of soldiers who saw the train leave the Coblenz yards, there were several hundred German men, women and children who assembled to bid farewell to German girls who, as wives of soldiers, were leaving for a new homeland across the Atlantic.

ORIGINAL NAVAL FIGURES STAND

American Experts Still Insist
That Estimates Offered
By Hughes Be Used

WASHINGTON, Nov. 25.—(By the Associated Press.)—Despite supplemental estimates to support Japanese claims for a higher naval tonnage ratio than proposed in Secretary Hughes' naval limitation plan, American naval experts, it was asserted today on authority, find no reason to revise their original estimate of the relative naval strength of the three powers. That estimate, so far as Japan is concerned is reflected in the "5-5-3" ratio proposed by the United States, while Japan is understood to claim that the ratio should be approximately 10-10-7.

Details of the Japanese naval argument have been turned over to the naval experts of the five powers considering such questions for the information of the delegations. The naval men will not get together again in general conference, however, until next week.

ALLEGED FORGER ARRESTED AFTER BEING DEPORTED

Man Captured at Border and
Facing Serious Charge Is
Held for Coast Officers

NOGALES, ARIZ., Nov. 25.—Hughes Newell, who was arrested here today after he had been deported from Mexico and who is being held awaiting the arrival of officers from Oakland, Calif., tonight issued a statement in which he blamed another man for his difficulties. Newell is alleged to have forged the name of former Attorney General Palmer and Senator Miles Poindexter of Washington, to important documents.

Newell, in the statement issued tonight, said that he was discharged from the 143rd United States field artillery after having served a short time in France. Then, he said, he became president and general manager of the New Ellen Potash and Chemical company, capitalized at \$1,500,000 and with headquarters in Oakland.

That corporation, he said, entered into contract with the United States government to furnish 600,000 gallons of a certain oil for use by airplanes. The contract was cancelled, he said, when the armistice was signed.

Then, he said, one of the directors of the company disappeared.

BLAST SHAKES U.S. CONSULATE

Hurl Bomb Through Window
Of Lithuanian Minister's
Home, Wounding Him

KOVNO, Lithuania, Nov. 25.—(By the Associated Press.)—Minister of Finance Galvananskas was seriously wounded early this morning by the explosion of a bomb which was thrown through a window of his residence. The explosion occurred at 3 o'clock and the minister's house and other buildings adjoining it were seriously damaged. The concussion shook the American consulate.

The attempted assassination of the minister is believed to have been the outgrowth of the high feeling existing in Lithuania over the government's proposed acceptance of the latest plan of the League of Nations for settling the dispute over Vilna.

TAKES UP IDEA WITH FOREIGN DELEGATES TO WORLD PARLEY

Same Old League Plan, With
New Name, Now Considered
By G. O. P. President

ANNUAL MEETING PLAN

Results of Present Conference
May Be Submitted to All
Smaller Countries

WASHINGTON, Nov. 25.—(By the Associated Press.)—A continuing series of international conferences, whose fruition may be an "association of nations," has been suggested informally by President Harding to some of the arms delegates, and has met with their general approval.

The suggestion has by no means reached the point of a definite proposal for such an association, but it was revealed tonight that the president's personal conversations with foreign spokesmen on the subject had greatly increased his hope for a new day in international relationship as a result of the Washington conference. It was indicated further that as a first step toward world-wide recognition for the conference plan, the results of the negotiations here might be submitted for approval not only to the participating nations but to those not represented here, including Germany and Russia.

Plans Annual Meeting
So far as the suggestions of Harding have been made known, they contemplate a meeting of nations about the council table once a year to thresh out troublesome questions and devise means for the preservation of peace. It is said to be the hope of the president that in the end, all the smaller governments will join the great powers in whatever discussions may concern them or the world situation generally.

There is no indication that any covenant or any constitution would be proposed as the basis of the plan, or that any elaborate international machinery would be suggested to carry it into effect. The meetings might be convened to consider special subjects or merely to survey international relationship and look for danger points in a general effort at good understanding.

Whether an international court of justice might be one of the results is a subject which the president is said to consider too nebulous for present discussion, although he is known to regard some such tribunal as a logical part of the plan he has advocated for an "association of nations."

His opinions on the subject have been expressed in several public addresses during the past year, but he never has made a detailed public statement of the exact method by which a court could be established.

Details Not Considered
In fact, in his preliminary considerations of the best means toward international co-operation, Harding is said by his friends to have tried to keep his proposals as free from detail as possible with the deliberate purpose of reducing to a minimum the probable causes of complication. His intention is declared to have been to apply to the world situation in the broad sense the principle of "a meeting of minds" as he employed it in his pre-inaugural days at Marion.

So far as is willing to go toward dispensing with details, it is declared, that he is ready to let the results of the present conference and the plans for future meetings rest mere-
